Whose Ad.?

Printers' Ink uses a great many advertising blotters—in fact, uses no other. They come in as fast as wanted, and very nice and handy they are.

Whose advertisements are on those blotters? Ah, that is a thing the Little Schoolmaster never observed, or, if he did, he never remembered and does not now remember.

> . This criticism is never s plicable to advertising

But he likes the blotters .- Print-

your-local paper.
