dined with us in the park.

"You'll have a nice girl to talk to."

CHAPTER II. THE WORST THAT COULD HAPPEN. HE thought of my father's lmpatience touched me deeply. his remaining years? I was so far nature of her thought constituted a sinweather, yet he came a thousand miles for me. I took high resolutions to be some unique experience or natural gift for the sake of seeing me a day earlier; a good fellow and one that she would beholds in all things more than is seen partly, also, that I might be spured the find worthy. I ceased to be distressed by the general. necessity of hurrying to him. He knew by the thought of what she might lack. It is possible that I exaggerated he that there were matters I would like to in looks and began modestly to conside powers. It may be that I thought I

would wish to see. "There's a directors' meeting day after ety while in Europe. My position had and then a person who, without tomorrow that I have pledged my soul been to break rocks in a laboratory, croachment or the faintest suggest to attend. Lucky for the collateral and South Africa had surely not im- of an overprompt familiarity, will disthat your steamer wasn't late, my boy. proved me except in size. There was play at the first meeting that comp And I'm so glad, so deep down glad, to at least a third here of me than there hengion which one expects only from

The tears came into my eyes as he ter. I might frighten away some of girl, the effect is most deliciously spoke. He has such a strong and man- my rivals, but one of them was a cler | tering to a man whose nature is ited enough of it to sing fairly well, We had a delightful day together, matters. He longs to respond, **a l**oose shingle on a barn. "I'll go back with you," said I. impatient to see Sibyl." He looked at me with a quick finsb it, some fellows I had known in col- no important incident,
