The Subject of Clothes.

the man or womer but there's no gainsaying the fact that they help , an entrance into society and gain an audience mere readily with " ord power than the poorly clad individual. Carlyle says that society is foundon ciollies. Shakes sate's quotation, "Costly they habit as thy purse can buy, for the apparel oft partitions the man" is only too true. (LOTHES of course, are perishable and, like taxes, and rents, must, be periodically renewed, and

so custom sanctions and accessity compels that each season every member of society must go through the abor of rehabilition. The days for the renewal or apparel are here. Each day brings us nearer to the Verbal Equinox, when the sun stands directly over the Equator, when the day and night are exactly even, when Spring is truly here. The Frank & Levey organization of Wellsville stands ready as never before to supply all the dress requirements of Man and Boy. The stocks gathered this spring are truly noteworthy in excellence and assortment from every vantage point from which they may be viewed. They are preseminent; they are keyed to the tension of complete preparedness and repletion. How marked is the value of that word preparedness when it applies fully and exhaustively to this great no derivatore which stands ready to serve the public with thousands of suits and overcoats Everything that is new is here.
