FLORE.

For the past 20 years a great many different kinds of flour has been sold in Andover. During all of this time we have been seiling the Phelps & Sibley flours, made at Cuba, N. Y. We get them fresh from the mills every few days and guarantee every sack to be good. The brands are all well known to Andover people Each is a leader in its class. The "Bakers' O.K." and "Nickel Plate." If you have been troubled in finding a flour that suits, try the "Nickel Plate." It goes farther than most flours and if not entirely satisfactory Will cost you nothing. You take no chances and it's worth trying.

We have recently secured the agency for the celebrated Bov er and Bartlett Coffees These Coffees have a national reputation. There are none better and very few so good. The "Blue Ribbon" at 25c is positively the best 25c coffee in the market. The "Red Shield" and "Family" brands at 35c are equal to any coffee you have ever tasted. Give
