tinished. This matter has been placed at E. R. Crandall's. under the charge of W. W. VanNoy, District Deputy, and be will make the necessary arrangements when he makes the rounds of the lodges in a short time. It is quite probable that some lodge may be asked to give a drill, another may be invited to present a farce comedy and the other programme will be of a still different character.

Correspondence will immediately be taken up with the lodges in the county and the work will be hurried to a conconclusion.
