New Ruling

The new regulation of the postoffice department that took effect Jan. 11,1908, makes it imperative that all subscribers for the NEWS, as well as all other weekly papers, who wish their paper continued, pay up all arrears promptly. The department allows only a limited time for publishers to get their lists in shape to conform to the new law. All subscriptions must be paid in advance, and any that are over one year in arrears cannot be mailed at the second class rate. Look at the address lable and it will tell you when your paper is paid to. If you are one year in arrears your paper must be stopped in a few weeks unless we receive your remittance.
