A Few Suggestions

In an editorial in the News some five or six years ago we enumerated a number of the needs of our village, and concluded by saying that the News would never let up until we had not only manufacturing plants but a new school building. We all now take pride in calling attention to the fact that all of these much needed im provements and additions have been realized. Since then have been located four good manufacturing plants in Andover, all in different lines of business, and all helping every citizen in of her daughter, Mrs. O. E.
