was no direct proof of his guilt. The Menace of Selfishness. Says President Hadley: "I firmly believe that the selfish pursuit of happiness menaces alike the efficiency of our individual citizens, the stability of our institutions and the nower of resistance of our country to dangers and calamities, and that the fate of the American people—nay, the fate of the whole civilized world—is bound with the possibility of maintaining amid all these difficulties an essential y Christian philosophy of life." That is the calm and convincing conclusion to which he led the sober thought the graduating class, a message which will not soon be forgotten, but one that is likely to suggest its impelling power at a moment when it is temporarily laid aside for selfish reasons
