

## Women woman finds her place. agement of their financial affairs.

Former Vice President's Wife Tells How Clubs Have Benefited the American Woman — Missionary Societies Gave Impetus to the Idea - Women Have Learned Self-Control, Unselfishness and Obtained Broader Views of Life -Mothers' Club the Best of Ail.

Dresident general of the Daughters of Through the medium of the clubs, refreshment and invigoration. For and by their own volition, women have every young mother, especially, we! turned upon themselves the search would recommend one or two clubslight of close scrutiny. The result is not more. These should be in the dithat many of the defects of character rection of her personal taste.

which were overlooked and pardoned The value of an hour's healthful abecause of the feminine source now study each day, wholly removed from: - stand before the court of their own the care of children and the many and the second of the second o The crucial test is. What have the serve as the best tonic.our young wo clubs done to demand perpetuation men can procure. and the gratitude of a credulous pub. Music, art and literature, philan, throny and reform, civics and science It was not a sporadic but a most in - all offer their attractions. Through fectious disease, this almost spontane the clubs mainly women have learned ous uprising among women into a the power of "silent thought" and its higher and nobler valuation of their retroactive effect upon those around capabilities and dormant powers. Perhaps the credit of introducing the contemplation and in the accept heavy cross stick across the center en women was inaugurated in New most beneficial.

York, April 1860, by Mrs. T. C. Dore. mus man's mission to woman" took root in of study and reading. the heart of Mrs. Doremus. Twenty-six be accomplished. In 1860 her fondest hopes were realized, and an independ. ent, undenominational society was organized to send out single women to the east. The organization took the title of the "Woman's Union Mission" ary Society of America for Heathen Lands." This was the first organizer' effort of woman to conduct labors of magnitude and importance Kindred societies, or clubs, sprang up all over the country. What these societies have done for the church at . large its records will tell.

Has it been a benefit to woman Who will say "no?" Quickly followed clubs galore-the . Margaret Fuller, the Shakespeare, the Longfellow, the Browning, and other clubs. Later came the patriotic c these stands the national society of the Daughters of the American Revolution. The work of the national so ciety during the war with Spain alone would give it deserved renown Other patriotic organizations are: the Colonial Dames, the Daughters of the Confederacy, the Daughters of the Cincinnati, the Woman's Relief Corps and many more.

And let it be borne in mind that a!

this was the result of organized club

have had undoubted influence upon; the patriotism of our country. To your honest judgment we leave fice it to say that the home has been to the in all its phases has been presented the care in rearing our daughters the development of women are the edity, environment, the care of the distinctive woman's clubs. They have deaf, the blind, the truant and the re passed beyond the experimental perisponsibility of the state toward the od and are an assured fact. The corner stone upon which these!
