SAVING MONEY

We wish to direct attention to our

HOME SAFE DEPOSIT PLAN

Prudent-Practical-Productive

THE PLAN

Open your account. A pass book is sent showing the deposit properly entered to your credit. A steel Home Deposit Safe is loaned to you

FREE

Take the safe home and place in it your surplus money or spare change; it will receive both coins and bills, but to remove the usual

the money, slots are constructed so that money once placed in cannot be taken out, and the Bank alone keeps the key.

We Desire to Fill Your Individual Requirements.

THE RESULT

At frequent intervals bring your safe to the Bank. Then the contents will be removed, counted in your presence and your deposits will

DRAW 3 PER CENT INTEREST

The presence of this safe in your home enables you to put aside from day to day the small sums of money you have hitherto thought not "worth while." You acquire the saving habit and reduce your

Andover, New York.

Special Notice—To facilitate the distribution of our Home Safes and extend to the people the advantage of our new Special Interest Department, we have engaged a corps of trained bank representatives who will call on the people in town and country. They are W. R. Swan, Chas. Allen, F. K. Powell, W. B. Smith Henry Swan and R. B. Nisbet, Jr., Manager.

'is important, not only for the present, but for the years to come. The right Bank connection will be a material help to your eary day business.

This Bank has a successful record of safe, conservative banking from the day of its organization, two and one-half years ago: "During that period its deposits having increased over \$77,000; its earnings, aside-from dividends to stockholders, have been retained in the businesss with the view of strengthening the institution every day and affording its depositors security for their funds. If you are not already one of our depositors, ask your neighbor who is if he would advise opening an account with us? We know what his answer will be and wish to state that the same con-

ditions and attention given him we offer to you, if you desire to have them. Paying bills by check is the up-to-date way of doing business as every business man will tell you, and your checks, bank book and bookkeeping are furnished by us free of charge. We also issue CERTIFICATES OF DEPOSIT which draw interest at the rate of 3 per cent per annum if your money is left with us ix months. The interest earned can be added at the end of the six months to the amount you have deposited and a new certificate issued so that your money will earn you COMPOUND in rest. These certificates are issued from \$1.00 up, so that they are available to those having small amounts as well as large, and you do not tie your money up one minute. as you can draw it at any time, you only sacrificing your interest if the money is drawn before the six months has elapsed

As the first duty of a bank is to its depositors and thus to the community in which it is located, we have endeavored, and shall continue, both in the loaning of money and the safe guarding of funds, to serve the best interests of all, realizing that goodgood will.
