TWO AND TWO

The science of mathematics s exact; there are no variations to the figures. Two and two are four the world over, not three yesterday and five tomorrow, but four always. When on write a check for ten dollars to cancel an obligation, you transfer the sum of \$10.00,—no more, no less. Besides being exact, a checking account is convenient, it is safe, it is a distinct advantage to any business, either large or small. We invite you to start an account with us, and pay all bills
