Please Take Notice.

OR several days past the tendency of prices has been higher in all lines of merchandise. Manu-

facturers were too conservative in their estimate of amount of goods to be consumed, and now with bumper crops and good prices consumption of staple merchandise has increased to such an extent that a real shortage in many lines is upon us. Mill prices of Staple Cottons, Ginghams, Ticks, Sheetings, etc., have already been advanced. Leather has also taken several jumps upward within a fortnight. This indicates a later general advance in all lines. The time to buy is NOW—the place is HERE.

Our store is generously stocked with dependable merchandise, bought for cash, which is offered you at a smaller margin of profit than the stores in larger towns can do business upon. If we don't have exactly what is wanted we can get it for you.

Our Men's Clothing Department was never so attractive to the man who wishes to dress well on a limited income. Suits \$7.50 and upwards, and Overcoats the same.

Ladies' Suits and Coats in greater variety than ever and lower in prices.

An unprecedented assortment of UNDERWEAR for everybody.

A SHOE STOCK such as this town has never seen, containing the best makes for Men, Women and Children.
