The New Hebridean native be likes it, and because it costs no ing and is easily procurable This is shown by the fact that though pigs abound on injost of the

islands, they are rarely killed Such a proceeding would be (garded as sinful extravagance. pigs constitute the currency of their country, and can be exchanged for bacco and beads; or for wives, the For 20 pigs one can buy a really good-looking girl-wife, who will de-

PRICE OF LAMARTINE'S POEM. Peecuniary Value Which the French

Poet Put Upon His Work. The Gaulois tells a good story of) Lamartine's estimate of the pecuniary value of his poetry, says the West! minster Gazette. It was in 1848, when he was at the acme of his glory and a cabinet min-

ister. He had just contributed "La Marseillaise de la Paix" to the Revue des Deux Mondes and Buloz, the edlitor, called on him at the ministry. | believe I owe you £80. Here is the | | money," said Lamartine, producing a bundle of bank notes

"Pray deduct the amount of the Revue's indebtedness to you for your \' poem," said the editor. "I meant to make you a present t," rejoined the poet.

with solemn dignity to his pocket.

crease in the cost of living in France of late that considerable alarm . felt. - Although prices have advanced

in the last few years in all countries, the advance seems to have been more rapid in France than elsewhere. Not only foodstuffs of every de scription and clothing and other necessaries of life are going up rapidly in price, but rents, which had remained stationary for years, are rising at an unprecedented rate. official statistics of the cost of all sorts of supplies for public charities, just published, bring out the facts in s Within four years the average cost of food, clothing, etc., purchased for The Genesee Pare Feed Co., Le Roy, N. Y

public charities has increased almost ten per cent. The increase can be in FLOWERS dicated in the following items: Milk, 13 per cent.; meat, 27 per cent.; po- FUR ALL tatoes, 10 per cent.; cheese, 16 per OCCASIONS | cent.; oil, 25 per cent.; peas, 14 per | cent.; rice, 100 per cent.; coke and FUNERAL Designs wood, 50 per cent. Without an exception every article

on the list has gone up from 5 to 100 per cent. Even horse meat has risen! from 26 to 31 cents a pound. Much of the responsibility for the increase in the cost of living is laid at the door of the additional burdens the weekly day of rest law, the employers' liability act, and other meas ures designed to protect the masses at the expense of the more wealthy

RESTORES MUMMIES' COLOR.

Boston.—An interview is published Wilder of Smith college in which he \$1 per Day and Up Office Hours:— } 1:00 to 3:30 p. m. wibratory energy. According as an invigorate the digestive organs, protection of a process for the discovery of .. It is reported the jury were here with Prof. Harris Hawthorne Letts Thompson and sister, Miss tells of the discovery of a process for restoring to their original state the hrunken features of mummies.

Through the use of a weak solution Albany, New York's Leading Rathsof a caustic potash Prof. Wilder says he has restored the bodies and feature of a number of mummies of the race of American cliff dwellers so complete ROBERT P. MURPHY ly that the color of the skin, the co tour of the features, and even diseases of the skin, become easily distinguish

and Mr. Cook of Vermont were in his laboratory for a year was his married in New York City Thursday, first subject. One night before retir ing he tossed this flattened and almost shapeless object into a var of potash, At the time he was not certain wheth per it was a frog or a toad, so comsletely had its distinguishing marks been lost in the drying. The next' what appeared to be a live frog with One Reason Why Cannibalism Flour- all the natural colors and markings i clearly shown, floating upon the sur-
