nose from under his hat. It didn't interfere with his vision and was well out of the way. Furthermore, if his hat came off suddenly his cord was in place as a sort of filet about his head and he ran no risk of having the glasses broken by failing off and bumping against something.

Tree Death Trap for Birds.

Queensland, Australia, has a curious tree which engages and kills insect life and sometimes hirds also. A traveler says of it: "The seed vessels of the Queensland upas tree, 'Ahmoo' of the blacks (Pisonia Brunoniana) which are produced on spreading leaf using his full name. Edward Bruce less panicles, exude a remarkably viscid substance approaching birdlime in In the early history of the nation consistency and evil effect. Sad is the fate of any bird which, blundering in its flight happens to strike against any of the many traps which the tree in unconscious malignity hangs out on every side. In such event the seed said clings to the feathers, the wings become fixed to the sides, the hapless bird falls to the ground and as it struggles heedlessly gathers more o the seeds, to which leaves and twigs adhere, until by aggregation it is in closed in a mass of vegetable debris as

A Nomadic Piece of Land. Cape Cod itself is sand, and like nomadic. Like the Arab, it is always way, but the winter winds being lend, used to be an island, its extremon that his pets were caught in the structions for the arrest of sheath tucket, it having advanced some five force of the gale, and perished, else gown wearers for disturbance of the miles in the last 50 years.

CHESMAN'S VIII WE WIII TII G Christmas

Fine \$10 for Sheath Gown,

HAVE ISSUED 900,000 PATENTS.
