By Julia Magruder

Cleopatra Was Not Beautifu -The "Ever Womanly" traction Between Sexes.

(Copyright, by Joseph B. Bowles.) One often hears the expression: "Oh, lifes this same feminine desire to lean, i she's a man's woman!" or "She's a to be led, to be supported, which is or woman's woman!" and certainly the a piece with man's attractiveness to difficult of all attributes to define, she will have them in the other sex, which we know as charm.

meet with it half a dozen times in a tion, a tribute to what she does, rathlife we may think ourselves fortunate. er than to herself, while with women i search goes to prove that she was not hear her speech, and when they come beautiful, and we are equally sure that, away they say: "Isn't she interesting?, sex and that alone, we should never position of the audience will speak only fare, but as all things are relative to we call charm, beauty is but a com- because familiarity breeds contempt. nıçn and every-day affair.
