gone and making plans and building hopes on the days that the New Year will bring to us.

The year just closed has been a prosperous one for this bank Our growth has been rapid and substantial and we thank our depositors and friends for their liberal patronage.

An increase in our deposits of \$100,000 in less than three years from the date of our organization is a fact to which we point with pride.

We want to make our record for the coming year even better than the one now drawing to a close and in doing so we ask the co-operation of all.

We have facilities unexcelled for handling your checking, interest or savings accounts. Let one of your New Years resolutions be to give us an opportunity of showing you the advantages of a bank account.

Again we wish you all a Merry Christmas and Happy New Year,
