A Country of Homes

Do you realize that this aid and encouragement, which has been such a help in making improvements and advancing property values, was possible only because many people deposited in banks their surplus money, the money

for which they had no immediate use? Individually these accounts were small, collectively they stand for the world's progress.

Identify yourself with the movement for making THIS a better town, a better trading point and a more PROScount with us.

WHY?

WHY did the people on the deck of the ill-fated Titanic raise their voices in prayer when they realized they could not be saved from a watery grave?

WHY, when they had money and everything that money could buy, did they appeal to God for help? They recognized Him as their true Friend and Saviour when all earthly friends were powerless to help them.

WHY do we wait, until some great calamity befalls us, to pray?

WHY not begin now and get acquainted with our Friend and Saviour, so He will be sure to know and recognize us in the time of trouble and calamity?

WHY not get acquainted with our friends and neighbors here in Andover? Five churches on the -tril, with a welcome to all
