Days' Fighting Over 50,000-Several Generals Killed and

which Americans have no matter from what race they may

At Gettysburg there was nothing to choose between the valor of the North with the prestige of its soldiery undimmed. The charges made on that, field have gone down into history as assaults made under conditions which every man felt might mean death at the end. The defenses made at Gettysborg were of the kind which it takes iron in the blood to make perfect. At

Gettysburg Northerners and Southerners replenished their store of respect for their antagonists. The battle marked the high tide of the war between the states. After it the South largely was on the defensive, but its defense was maintained with fortitude and in the face of privations which could not chill the blood men fighting for what they thought was the right. The Northern armies were persis-

tent in their attacks through the campaigns which after a few months were ready to forget and to forgive and to

work again for the good of a com-The great battle of Chancellorsville was fought not long before the opposon the field of Gettysburg. Chanceltorsville was a Confederate victory The Southern government believed that the victory should be followed up by an invasion of the North for, according to its reasoning, if an important engagement could be won upon
