When nine grown children of a Texas couple had assembled to celebrate the golden wedding of their parents the father announced that he had selected the occasion as a fitting time to enter suit for divorce. Perhaps it was as fitting a time as any. Yet it is hard for the ordinary mind to realize that a couple who have lived together for fifty years might not, if they made a decent effort, live on together for the little time that remains to them.

When a public man wishes to arouse public sentiment and public interest, he uses publicity. When the progressive merchant wishes to stir public sentiment or public interest in his business he uses publicity. He does it because it puts money in his pocket. Publicity is the one agency that succeeds where everything else fails. Nothing has the pulling power of publicity. —Montgomery Advertiser.

PRESBYTERIAN CHURCH

Hamilton B. Williams, Minister.

Thank You

All Mr. Williams desires to express his thanks for the kind reception of the attempt to interpret the play last Sunday night.

Next Sunday Evening

Mr. Baker will have the service, giving the second of his interesting series on a vital subject. Methodist church, 7:30. Let every person be in attendance.

The Good Word

We're all playing "Life" together. There's a lot of fun in the scenes, some hard times, bad moments, mistakes, battle, but there's a possible good ending. Let us be square and fair and "study to be quiet." Learn the God-way of covering mistakes with charity, shining robe; and let's be good. Give you good morrow talks and health of soul.

BAPTIST CHURCH

Rev. W. H. Randall, Pastor.

The annual Roll Call meeting of this church will be held on Saturday of this week. First will come the social hour in which we can meet the members of the church, some whom you have not seen very often. Then will come to dinner which will be provided by the ladies of the church. At 2 p. m. will come the Roll Call proper. Let all the members be present at this meeting. It will be one of the important meetings of the year. The morning services Sunday will be held at 10:30. We are very fortunate in having with us Dr. A. L. Snell, of N. Y. City, State Secretary for our Foreign Missionary Society. Let every one of us be at this meeting to welcome Bro. Snell to our town and

church, and to be instructed by one who knows all about the work being done by our Denomination on the Foreign Fields.

The Y. P. S. L. will meet at 3:00. The Y. P. S. L. will meet at 6:30. Topic: Connet M. ... with Christian Countries. Leader, Mr. T. J. Gilbert.

The Federated meeting of the churches will hold its meeting in the M. E. Church at 7:30. Brother Baker as the text in the subject that part that he had no time to tell us about three weeks ago. Come and hear what he has to say.

The annual meeting of the church will be held in the church next Wednesday evening at 7:30. At this meeting the reports of the officers will be received. Officers and trustees will be elected and such other business will be transacted as shall come before the meeting. All the members of the church and congregation are urged to be at this meeting.

The Mid-week Prayer Meeting will be held on Thursday evening at 7:30. If you study your lesson for the coming Sunday you will be more of a help to the meeting and get greater pleasure from it. Come and see what there is for you.

METHODIST EPISCOPAL CHURCH

Rev. F. M. Baker, Pastor.

Other services of the day as usual: 10:30 morning worship. Theme of discourse, "The Expanding Life." 12 M., Bible School. The excellent condition of the school this winter is encouraging to all. C. A. Robinson has been re-elected Superintendent.

6:30 Epworth League. Topic: Evenings With Great Hymns. 7:30 Federated meeting as above mentioned. The Male Choir will be used.

Church Night Thursday evening the bell will call as usual to the Prayer room of the church. Those who answer will receive the blessing.

Boy Scouts Attention! A program is being provided for Monday evening next, Feb. 1st. Let every Scout be on hand. A brief study of the Indians is part of the program. Bring an Indian relic if you have one.

Rev. Shipman Enjoyed.

The talk by Rev. M. A. Shipman, of Hornell, before the Brotherhood at its monthly meeting last Friday evening was thoroughly enjoyed by the large company of men present. Mr. Shipman is a reformer, has put out of business more than 70 slot machines in Hornell, stopped the opening of saloons on Sunday in several instances and has made the Mammon of Unrighteousness shake in his shoes and he is still busy bombarding the evil that he has found untouched in Hornell. After hearing his speech the men were one in the comment, "He's all right."

Local problems concerned with illegal selling of liquor and the prevalence of gambling were discussed and action taken, looking towards the creation of sentiment against these evils.

New Officers.

At the meeting of the Brotherhood last Friday evening the following were elected officers for the ensuing year: Pres.—Harry Smith Vice Pres.—W. W. Pingrey Sec.—Emmet Robinson Treas.—John Strat.

SUPPER TONIGHT.

The Ladies Aid will serve supper tonight at the usual hours at the church. They invite the town to patronize.

Do You Know

THAT 5 out of every 6 globes are broken by poor mantles, for as the mantle breaks, the flame and heat comes in contact with the glassware and the result is that you not only have to buy another mantle but also a globe. Now, the RO BRO Mantle will outlast 6 ordinary gas mantles, as they stand the jar and draft, as they do not shrink and they increase in light while burning; therefore we suggest buying the RO-BRO Mantle and are satisfied to leave the rest to your own judgment, for just as soon as you buy some kind of gas mantles again then you get the same old trouble.

HOW TO GET THE BEST RESULTS OUT OF A GAS LIGHT

- 1. Take off burner; blow the dust out from every part of burner.
- 2. Put up mantle; burn-off coating; light upright on top, inverted on bottom and wait till flame disappears.
- 3. Turn on gas about half way and light mantle; then wait about ten seconds and turn gas on full.
- 4. Regulate gas and air pressure.
