There is more Catarrh in this section of the country than all other diseases put together; and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MOUNT VERNON, THE HOME OF WASHINGTON

By J. E. Jones

A pretty little story of visits to Mount Vernon on the Potomac—"impressions and sentiments like yours and mine," explain the author to those who have seen our country's greatest shrine. Bound in colonial blue and buff with hand illumined cover design and George Washington's colonial ribbon book mark, profusely illustrated with handsome half-tones and pen drawings, it is a dainty and invaluable reminder that will instantly appeal to every person who has been to Mount Vernon, while to those who have not had that good fortune this clever, happy story of our beloved George and Martha gives a clearer view and understanding of their colonial home, which is to-day the pride of Virginia and the Nation.

As a souvenir or gift book for young or old, there is nothing to approach the elegance of this little volume, and it will make one feel more like a patriotic American to possess it.
