## Sale of Dining Room Tables

Manufacturers, like other folks, have their troubles. Our buyer was in the office of one of the best known manufacturers of Dining Room Tables. Orders were running low and the manufacturer was on the point of letting some of his valuable help go until next fall. Just to keep his skilled people busy and prevent them from drifting off to other employers, he proposed to let us have a large number of Tables at bare cost of manufacture. We closed the deal.

The result is we are offering for a short time an extensive line of Dining Room Tables—newest designs prepared for the July Manufacturer's Furniture Show—at prices far below our regular fair prices.
