Liszt and His Cigar.

Liszt indulged in a strange form of cold smoking. Massenet, who knew him well in his later years, relates that Liszt could not play unless he held in his mouth a cigar, which he never troubled to light. He would sit down to the piano with a cigar between his teeth and keep munching it all the time he played. When the cigar was quite eaten up the abbe would rise from the instrument exhausted.—London Chronicle.

A Neglected Apple.

Mrs. Benham—You used to say that I was the apple of your eye. Benham—Well, what of it? Mrs. Benham—Nothing, except that you don't seem to have such a keen relish for fruit as you once did.—Exchange.

A real estate opportunity that is advertised will always be advertised—and if it's not advertised, it's not much of an opportunity.

Our "B. B. B." column always does the business.

TAKE CARE OF THAT ITCHING ALL ITCHING BORDERS ON ECZEMA

Do you regard that itching as a serious thing? It is. Unless you begin to fight it with Dr. Hobson's Eczema Ointment, the disease is likely to cling on for months and years. Scores of grateful users say: "Why did we waste those months and years in agony when we tested a remedy was on the market." This ointment is no experiment; it is absolutely healing in its power. Do not allow it to become serious. Buy a box to-day to fight the beginnings of eczema. See a box.—Advertisement.

GREATER CHICAGO.

How She Worsts New York at the Polls.

There are more voters in the city of Chicago than in the city of New York.

There were in New York in the presidential election of 1912, 627,804 voters; in the gubernatorial election of 1914, 481,444 voters.

There registered in Chicago in the mayoralty election, April 6, 1915, 495,815 men and 282,201 women, a total of 778,016.

Eighty-seven per cent of those registered voted, 88 per cent of the men and 80 per cent of the women.

The vote in Chicago April 6, 1915, was 426,094 men, 243,797 women; total, 669,891.

By adding her women Chicago increases the strength of her electorate, even in a mayoralty election, by 40,000 more votes than New York can muster for a presidential election.

Humanitarianism in a Suffrage State.

On a program of the Orpheum theater, Denver, appears this: "Don't kill your wife. Let the Western Columbia laundry do the work."

RHEUMATISM AND ALLIED PAINS—THEY MUST GO.

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer. Get a bottle of Sloan's, 25c and 50c; \$1.00 bottle holds six times as much as 25c size.—Advertisement.

That persistent "curiosity" to know whether there's a want ad in the day's paper that "you" ought to answer is a valuable quality—and will make you prosperous.
