

It would like to do more business with our prosperous farmers. There is not a farmer in the county that should not have a bank account. Your business is just as carefully looked after in this bank as the business of the successful business man. It is to your interest to conduct your business on safe methods the same as a New York millionaire. The amount of money you have, whether it be great or small, is worthy of your most careful consideration. If you have bills to pay, whether they be large or small, pay them by check, for future reference, and then there can be no dispute of unpaid bills. The next produce from your farm you sell deposit your check in this bank and start out on the right method.
