The PEOPLE OF THE STATE OF NEW YORK

RHEUMATISM ABATED

Many people suffer the pangs of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute than the last. To arrest rheumatism it is important to improve your general health, to purify your blood, and to give your system strength. Scott's Emulsion is a nature's great blood-maker, while its medicinal properties strengthen the organs to expel the impurities and uphold your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

FINDS 120 POUNDS OF HONEY INSIDE WALLS

Corning, November 28th.—William T. Moran, a Corning business-man who had experienced much inconvenience at his residence the last Summer because of the constant buzzing about of bees which appeared to be entering his house under the eaves, hired a carpenter yesterday to get rid of the bees. The carpenter, A. P. Thompson, not only got rid of the bees, but he found 120 pounds of honey inside the walls of the house that had been accumulated by the bees since the house was built three years ago.
