AN IDLE DOLLAR

is opportunity going to waste. Every dollar deposited in a Home Bank gives some one in the community an opportunity to enlarge his business or to make needed improvements in his surroundings. "Bank Credit" and the "Check Account" plan makes that dollar do the work of seven to ten dollars. That is why it is the otherwise idle money deposited in banks which furnishes a very large share of the working capital of this country.

If you feel an interest in advancing your financial welfare, in getting ahead in the world, in helping to build up our town and community we shall be very glad to have your banking business.

POKER GAME "VICTIMS"

This Time the Players and the Manager are Run in by the Police

(From Wellsville Reporter)

Wellsville is enjoying a mild sensation resulting from the police raid on a poker game Sunday night about 9 o'clock. A room in the Miller Hardware block was visited by Mayor Wetherby, accompanied by officers Shine, McNulty, Boyd and Pillsworth, and a half dozen players, a quantity of poker chips and cards were rounded up. The game was apparently being run by Sam Stebbins, who is said to have had a prosperous game going for some little time. An effort made a little time ago to get the gang proved unsuccessful because they were warned a few minutes before the police arrived. Last night the surprise was complete, however, and the proprietor and five visitors were taken before Justice Leonard, where each of the visitors gave bail in the sum of \$300 for appearance in court at two o'clock this afternoon. Stebbins was held in \$500 bail and being unable to produce a bondsman, was locked up pending examination this afternoon.

By special request the visitors' names will go unrecorded in the newspapers to-day, though the motley crowd included two Italians, a B. and S. railroad man, a sweet singer, and a young mixer of physics. A number of more prominent citizens who might have been among the victims were fortunately left out of the game last night, probably attending church services. It is rumored that there will be further developments in the interesting
