Tenants who pay promptly, and  
who take almost as good care of  
your property as though it were  
their own, are to be found. It  
sounds like fiction—but it's  
classified advertising fact.

it worth while to take whatever  
time and trouble ad reading in-  
volves that this money may be  
wisely used—not merely spent.

## Major General Gorgas SURGEON GENERAL, U. S. ARMY

Says that our lives may be prolonged on an  
average of thirteen years if we eat properly—  
that is, enough food of the right kind.

We are doing our part at this store. We  
are selling you a pure grade of goods in every  
case, and we are making the price so low that  
any person can afford to eat enough. It will  
pay to keep in mind the fact that your future  
depends greatly upon the food you eat.
