## Chiropractic

What ailments does Chiropractic reach?

Chiropractic removes the cause of practically all diseases. It matters not what part of the body is affected, it can be reached thru the nerve centers in the spinal column. Do not stay away thinking yours is an exceptional case which is beyond recovery.

### CHILD BURNED TO DEATH

Dunkirk, Dec. 20.—The year-old son of Mr. and Mrs. Edward Morrissey of No. 104 East Front street was burned to death this afternoon as he lay in his crib, drawn close to a gas stove. The bed clothing caught fire from the stove.  
 Mrs. Morrissey had left the child only ten minutes before to go to a grocery. She says that she pushed the crib a little nearer the stove as she went out.  
 A few minutes later neighbors noticed smoke issuing from windows of the Morrissey home. They rushed in. The fire was easily extinguished, but in the center of the flames had been the boy. He was dead when lifted from the crib. His body was burned from head to foot.
