MASTER AND MAN

man, the servant of the proper the is pieced in office for a The express purpose of enacting anch laws as the people as a whole i I may deem wise and just, or to adhinister the public's affairs in p

Such is the theory of public office, but in its practical workers

With congress in session we will have many real masters mak- | tional body 9. Ing laws for their ostensible masters to obey. Some of these laws | nation-From the standpoint of poster- will be good, others will be of doubtful value while a few i may it is interesting to note that be even obnoxious or vicious from our point of view.

The wishes and desires of the people will be of little avail with these "masters," for the reason that it is difficult to in-I due the people-to assert themselves on any given subject or pro-

But how different it might be if the people would only dis-I play a little more inative and make their wishes and demands) known to congressmen and senators before they east their vote. We all know how it should work. But here's the way it does l

A'new bill is introduced into Congress, but it does not meet with the approval of the people of our particular district. In fact inconvenience or expense at least | we may consider that it is directly against our own interests.

A few of our more aggressive people write a mild and guardbors, and friends, and brothers ed protest to senator or congressman, but they are so few as to be without weight or effect. The senator or congressman hears of 'I no widespread opposition in his district and yields to the powerful i pressure from other sources in behalf of the will. He votes for it. Uther senators and congressmen do the same thing and the bill i becomes a law and we pay the pinalty of our indifference...

On the other hand, suppose the people of the district took the cur sticks its tail between its the bit between their teeth, wro e in large numbers to the sena-Ke an manager legs and scoots home. And we tors and congressmen and gave them plainly to understand that immense volume of their business that is now going to some. thing and nothing—the dog is a can't help but think of a noted their constituents were opposed to such a bill, and that they were sources. expected to cast their votes in the interests of the people who placed them in office, irrespective of all pressure, from other new year should see a movement on foot for its establishment sources. Would they, under such conditions, support an obnox- the end of the year should see it in practical and success. If you want to be able to tell lous measure? Not in a thousand years, for they would know ation, with everybody happy and satisfied.

whether your wife goes through that such action would mean their prompt political death. When the people do become aroused and speak in decided better towns than Andover, but she is hook-nosed. bow-legged, terms every senator and congressman glues both cars to the

Now isn't 1916 a good year in which to change the old order of procedure? Isn't the time opportune for the people to assert | their rights and prerogatives, become the masters, and insist upon | and with each of us persevering to this end the year's profile and worn-out garments," warbles not have a sore head within the a strict compliance with their will? Isn't it about time to give sena society dame of national repu- week, she doesn't investigate the lators and congressmen of every degree to understand that they i lare servants and not gods?
