Opportunity and the Bank Account

OPPORTUNITY takes off its hat to the man with a BANK ACCOUNT. Opportunity is ready for the man, woman or child who is ready for it. The ash-bargels of history are full of people who were unprepared for Opportunity when it came their way.

Safe From Poisonous Serpents.

A physician who spent some time in the countries bordering on the Gulf of Mexico found a curious body of men among the natives called curados de culebra, or the safe from vipers. Having been inoculated with the poison of the serpents, they were proof against their venomous bites. The inoculation was made with the venom tooth of a viper and the bulb of a native plant called mano del sapo (toad's hand). The preventive inoculation has been an old custom among the natives of that region.
