RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for mixing and use given in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

CHILDREN TO TAKE CENSUS

Will Be Used by State Agricultural Department to Gather Data

Albany, Jan. 30.—A half-yearly agricultural census and an annual census to determine the state's agriculture production to be taken by rural children, is part of a plan to be started on February 1st by Charles S. Wilson, commissioner of agriculture, and the state department of education. The census to be taken next month will call for the enumeration of all live stock on New York state farms and the quantity of hay, grain, fruit and vegetables produced in 1915.

The commissioner said he believed that the census would be of great help to his department and that the 500,000 school children of the state would be able to reach every farm.

A second census will be taken next June and at that time the condition of the growing crops is to be reported. Six months later the annual census will be taken.

Commissioner Wilson said he believed that the plan would stimulate the interest of the school-children in agriculture and that they would soon become proficient enumerators.

The department of education is cooperating with the department of agriculture and with the rebruary bulletin of the former department will go blanks upon which the children will take the census. District superintendents and teachers have been asked to explain them to their pupils.

ville where he has since resided. His funeral in that city Saturday was very largely attended. Our residents all paying their last tribute of respect to his memory. Universal sympathy is expressed for the family, who have been so suddenly deprived of a devoted and affectionate husband and father. Also his brother, John, who is now the only surviving member of the family. Surely God's ways are unfathomable, but though Steve, with his kindly cheery ways, is gone, his memory will live long among us. Mr. and Mrs. P. A. Dean, Henry Horan and daughter Nellie, Mrs. Wm. Dean and Mrs. R. McAndrew were in Wellsville from Thursday evening until Saturday in attendance at the Wagner and Keough funerals.
