OUR HOMES AND OUR PEOPLE

The home life of this community is an indication of the character and make-up of the people who constitute-the community. Of course you will find except ons to every rule of life, but it is! an indisputable fact that the home life of this town and country side is one of the brightest spots in our existence.

We have been into a great many of the local homes, and ir been crawling down to 71 degrees almost every case we have found a spirit of happiness, contentment below zero. A few more falls and thrift prevr ag seven days in the week. We have found and the darned stuff will get amicable relations existing between the heads of families; we have found strong indications of filial respect and devotion on the part There are lots of good things of the children for their parents; we have found a spirit of love we could say about this town - and comradship existing one toward another.

It speaks in volumes for the homes, the people, and the community. It indicataes that we have a people who are above the SEVENTH-DAY words from your own lips. Tune average in intelligence, moving in an atmosphere that elevates in-
