brings quick returns. Try it

First off, we are going to speak gently of yourself—a sub-1 et, doubtless, of some slight interest to you. We know you, and dustry who may, be in need your mends know you, but do you know yourself! Are you fully help, either male or female, acquainted with your possibilities and your limitations? But let's embracing all lines of industry; liminate the limitations and deal only in possibilities. You are a application keeps you in the background when you should be in your rightful to find it when wanted or not able place well up toward the front and talking and working for the lar work to do. advancement of this town and community. We suggest that you here Bureaus have been estabstep lively, and get to the head of the column, and make yourself lished by the U.S. Government la leader. The more leaders we have the less followers there will to fill this much needed situation! be, and when we all get to be leaders there will be no limit -to he splendid things we can accomplish. Yes, we think you can meeting with very marked sucto it, and others think so, and now we want to see you both cess, the object being to get th Old Congress, sad to relate, is think and do-

golden egg." We think too much of our splendid farmer friends positions and many industries to liken then to the awkward feathery tribe, but they surely are have been given employees when he people with the golden eggs. And isn't it just possible that wanted since the establishmen we of the town are the "geese," in that we fail to take measures of the service which is a benefit to connect up with the eggs of gold? Isn't it possible that we are neglecting the interests of the farmer to the extent that he in pains to get help for the Farmer and the Agricultural Colleges One, however, does not time becomes indifferent to us and send his baskets of precious and it solicits their applications and agencies are co-operating in the outer seed cost of metals to other points in payment for his necessities? Again we and is glad\_to render fhem its a campaign to wipe out the dis-and hence it may not be suggest a broader spirit of reciprocity. We suggest that meas services. ures be taken to see that our farmer friends are afforded every early as possible before the help common and destructive diseaces, casional heads found facility for the prompt and profitable marketing of their every is actually needed that there may but is easy to control. It is treated with formaldeligite product right in this town. It does not require any great amount be time to get a satisfactory per- caused by a fungus disease. The of intelligence for a person to see the financial significance o such a course. And don't neglect the wife and daughter of farmer when they, too, come to town. It should not be necessary to transact his business before returning. A comfortable waiting tions should, therefore, be filed room should be provided in the heart of town, where they can at once while away the tedious hours of waiting by reading, writing visiting with one another. Let it be a general meeting place for all who come to town. When we do this we will-find more of the farmer's golden eggs rolling into this town. Let's combine busi-Pure water, you know, is an ness, sagacity and neighborliness to our common good. aid to digestion. Fill 'er upl

Now come to life and give us the answer to this question. "What are the two things most urgently needed for the commeral advancement of this town?" Of course not every person will think the same, but we want to know what YOU think. There are many improvements and conveniences needed - things people what you think, what everybody thinks along this line. And you would enjoy reading those suggestions yourself. Now suppose you just sit right down and write out, in a few words, what curl and will assist in controlling you consider the two things essential to the future welfare of our apple scab. It is also the beau town and our people. Do it to-day, and hand or mail it to us. We time to spray for San Jose scale charming array of Spring milling Don't full a long face, old top. want to publish each suggestion, with the name of the writer at lift is present. The other fellow's smile will put tached. That will be one step in getting somewhere, and the next purchased of most any dealer in step will be a little easier. We don't want to stand still while spraying supplies. The cost should Tis said the true shape of the other towns march by and leave us in their dust. You are just not excede 20 or 25 cents per earth still lacks accurate determ- as much entitled to voice your opinions as others are theirs, and gallon. If scale is present we want to publish it. Now watch the next issue of the paper and see how many of our citizens are sufficiently interested in the fu- lons of water and if scale is not ture of this town to catalogue its needs. Don't let yours be the present, 1 gallon to 15 gallons of missing name. The invitation is open to all.

### THEY LOOK BAD

When you walk along the street and see the gutters strewn with refuse, it looks bad.

When you see empty bottles decorating the dark corners, that looks bad—and suspicious. When you see papers blowng around over town it indicates

that people are thoughtless and careless. It is bad. When you see broken glass around under foot it is pure negligence, and is both bad and dangerous.

When you see kitchen garba ge dumped into the back yard or tossed over the fence, it looks bad and smells worse.

When you see vacant property littered with debris of every nature, it, too, looks bad—is offensive to the mind as well as to the

When you see a back yard littered with the accumulations of onths and of years, it looks worse than bad. When you see a front yard down at the heels and going to seed, you wonder-but, then, we'll let you finish the sentence.

### THESE LOOK GOOD

Paved streets kent clean and in renair Business houses and residences kept neatly painted. Road graded and no "duck ponds" allowed to form. Front yards with concrete walks, flower beds,

spots steded and frequently mown. Back yards so clean they compel admiration. School yards sanitary and with adequate playgrounds

Store windows with neat displays of goods and a spirit

Churches well filled on Suntays. No street corner loafers and bums.

Just how bad are we, anyway?

A strong spirit of civic pride. Everybody hustling for himself and bosting for this town.

These are good signs—push them along

ways and at the same time advance the interests of the community
