## A Porch Made Comfortable With Coolmor Shades

Coolmor Porch Shades make your porch cool and comfortable. Coolmor Porch Shades give you extreme relief.

Coolmor Porch Shades "permit you to see out but outside's cannot see in."

Coolmor Porch Shades make a sleeping porch of an ordinary porch at a very slight expense.

Coolmor Wind-Safe Porch Shades—unlike most porch shades—add to the appearance of your home for the reason that beautiful color combinations are easily secured with the Coolmor wide and narrow slat alternate weave which it is impossible to secure when shades are made entirely of wide slats or entirely of narrow slats.

Coolmor Wind-Safe Devices are attached directly to the porch and not to the shade, consequently they take the wind pressure off from the shade.

Coolmor Wind-Safe Porch Shades are priced from \$1.50 to \$5.75.

## SUMMER FURNITURE

It is quite a fact—the home can be made a veritable summer resort with the proper furnishings. For the porch, what could be more restful, cooler and better looking than one of these large ample arm chairs of wicker, upholstered in cool cretonnes, such a chair that hurls you into memories of long ago?

You will find this department filled with wicker and grass furniture that fairly spell comfort, radiate luxury and shout durability.

We call your special attention to our leader porch rocker equipped with wide rockers for lawn use—a crack-jack value at \$1.50.
