## OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often neglect that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

Be stronger when older, keep your blood pure and rich and active with the strength-building and blood-purifying properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

## "GINGLES JINGLES"

### GAME LOSER.

Just be a game loser. Don't howl when you're stung. Let no one get wise to the fact you got stung. They don't care a rap, all they do is to talk, and say serves him right, he was always a gawk. The lal for your trouble and put it down hard. Let nothing get by your most vigilant guard. You can if you will face the music and say, There's no one more happy than I am today. We all have our troubles, but mine I forget. I don't harbor worries. I've no rooms to let. There's someone at home all the time every day. I'm wise to my cue and I know how to play. I'm shy on the dollars. I've no coach and four, but fit-neys are plentiful right at the door. I care not for either the way that I feel, I'm healthy and strong on the pedimobile. Let those take it easy who want to get sick. I'd rather work hard and be there with the kick. I'll not make a murmur or loosen my grip, no matter how far down the ladder I slip. I'll take a new hold, never minding the drop, and make a bee line again straight for the top.
