

**--- WHY WAIT? ---**  
**WHY WAIT?**  
 You've Promised Yourself a McDougall-- Why Wait?

You may say and think there is no necessity for immediate action on your part, you may even believe that next week or next month will be time enough to make your selection of the kitchen cabinet you have wanted for so long—

But—listen! Next month and perhaps next week will be too late. Under the conditions of our McDougall Co-operative Club offer, only 25 cabinets can be sold at this time and on these special "Club" terms. Why wait—why run the risk of being disappointed.

# One Dollar Paid To Us Tomorrow Secures Immediate Delivery

This is all there is to Our Co-operative Club Plan of Payment

Surely our offer is liberal enough—and you know you need and have planned to own a McDougall sometime—  
 Why delay your selection another day—why keep on trying to drudge along, without its time and labor-saving conveniences—its help and comfort-advantages when the small sum of \$1.00 each week for a short time will accomplish such wonders?  
 Come in the store TOMORROW and see which style cabinet you like best. Tell us your decision—make your first Club Payment of \$1.00 and before it's time to prepare another big dinner—the McDougall you have always longed to own will be in its place in your kitchen, ready to help you really enjoy your work—have time to yourself that otherwise would not be possible.  
 Don't delay—Make your selection Tomorrow and next month and forever after, you'll thank us for the suggestion.

**WHAT CATARRH IS**  
 It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.  
 To correct catarrh you should treat the cause by enriching your blood with the oil found in Scott's Emulsion which is a medicinal food and a building-tonic free from alcohol or any harmful drugs. Try it.
