Buy Hosiery Here and be sure of Fast Black

We had a complaint that a certain number of our twenty-five cent Hosiery was not Fast Black.

We started an investigation. An expert test formulae was procured.

All lines of Hosiery in our stock, about fifty in all, were tested. They all stood the Fast Black test except this one number.

We advertised the fact, but a prominent jobber said we were foolish, that with the present dye situation we would create trouble for ourselves by guaranteeing Black.

However, we are continuing to test and to guarantee.

You can buy Hosiery here and be sure of Fast Black. If the situation arises that we cannot guarantee we will frankly tell you so.

This is why Cadet Hosiery is now 25c instead of 25c. The manufacturer maintained the quality and dye and was obliged to raise the price.
