2,406 YEARS AGO TODAY

The First Marathon Was Run, Following the Defeat of the Persians by the Greeks at the Battle of Marathon.

After this single defeat of the Persians, a young Greek ran from the battlefield of Marathon to Athens, 18 miles away, to inform the King of the victory. At the revival of the Marathon Race several years ago, another young Greek carried off the honors and was crowned with olive leaves by the King of Greece. Determination to retain this honor led this Grecian on to victory.

Did you but display half this determination concerning your welfare, you would likewise succeed. The big element of success is a Bank Account. Open one here.
