Wearing Apparel for Women Who Care

Women, who appreciate a Coat or Suit that is just a little better, just a little more distinctive than the ordinary garments, that are correct in those little things that less exacting buyers forget, will surely admire Our Many Recent Arrivals of Suits and Coats.

A wearer of a Babcock & Davidson Suit or Coat has that deep satisfaction of knowing she wears that which has the latest unqualified approval of the most fastidious followers of fashion. But not only this, she also knows that she bought the last word in style.

AT A MODERATE PRICE

No matter how moderate the price you have selected to pay for a new Coat or Suit, it is possible for you to secure here a garment having individual style correct to slightest detail. Further no tailored-to-order Coat or Suit will fit you better or keep its shape longer than a Babcock & Davidson garment.

An Infinite Variety of Stylish Stout Suits.

Every woman of stout proportion knows the difficulty she experiences in getting a Suit to fit properly, unless she pays an unreasonable amount of money for a made-to-measure garment.

We eliminate all the bother of countless fittings and the great increase in purchase price by our immense stock of Stylish Stout Suits in half sizes. These garments are made by experts, and their style and adaptability to stout figures are such as to commend them to women who are particular in matters of dress.

A try-on will be conclusive proof.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is fading, the same nervous system gives the alarm in headaches, tiredness, dreamless sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.
