Theodore about administrations having any Roosevelt got his inspirations for between special price of cheese.

WALL STREET, VERSUS THE COMMENT MAN'

That corporate control of personal property has grown strong by special privilege given them by the Republican party needs little proof, as any person with half an eye can see it for himself. The continued support of the "money kings" of America of the Republican party candidates is based upon the hope of the central-

For a matter of comparison let us look into the records made both candidates for the presidency and decide for ourselves whose interests they have been working to promote.
