

November 17, 1916

47 YEARS AGO TODAY

THE SUEZ CANAL WAS OFFICIALLY OPENED:

This colossal engineering feat which took ten years to construct, marks the first step in the joining of two great bodies of water. The government engaged in these operations spent millions before the work was completed. If you desire to engage in a private enterprise capital is a necessity. Save that you may make money, and save through our institution.

Andover State Bank

WHO ELECTED WILSON

BEATS 'AGE OF

Some Say Roosevelt Kicked in Fire, others Blame George H. Harvey is supposed to have discovered Woodrow Wilson. Colonel Harvey says at any rate. Mr. Wilson never denied it, although never confirmed it. But another solution to that puzzle the Colonel has the edge speak, and no other individual is known to dispute him.

But if the colonel is allowed to pursue the honor of discovery alone, there is no man living who can lay claim to having been the President without having entered a battle royal to that claim.

There have been a great many disputed questions in the history of these United States. The one of who struck Billy Wilson caused no end of controversy some time back. The answer worried many for time. The matter of who opened first, the hen or the egg has also made grey hairs where none grew before.

But these are all as simple as the A. B. C.'s compared to the question: "Who re-elected Woodrow Wilson?"

Women Did It. Of Course

Waltz into the headquaters of the suffragists here in town and stand around it and you will hear a great deal of talk. The answer to the question. The answer is not at all a most a spirit before you have spoken.

The women did it, of course. Moved partially by the slogan, and by the belief that Woodrow Wilson is the man to put "humanitarian" legislation in the hands of the country, suffragists claim, rallied to put him back in the White House for four more years.

Slip out of the suffragist hold (if you can) and visit any hotel where they gather. Drift by a party and pass the time of it.

"Well, you might have known it would be," he said before you have had time in a word.

"The Progressives of the country hold the balance and the two old parties will understand it." Hughes did not suit the Progressive. They much old guard stuff and Wall Street seems anxious for him. The men in the West felt rather take chances with and they turned the trick.

Well, Well, Says Bryan

Over on the other side lobby stands a felthatched Bryanite. (Did you think he was dead? Well he is.)

"Well, well; (This Bryanite.)

"They said Mr. Bryan always call him 'Mr. Bryan' out of it, and you folks paid no attention to him but the truth is he took for Wilson. He went up and brought the President ought to anything he wants."

An Arizonian back in of getting some reclamation put through Congress, brings another.

You people thought voters were going to support his Mexican party? You! Well, we fooled you know that were American—by which I (Continued on another
