Think This Over Friends.

Religion is a method of life-expression. As Religion comes out into the bright sunlight of the True, the Good, the Beautiful so hath its divine seal. What is of God is very simple, very right and very good sense. People should not need persuasion to bring them into religious relations. Fancy pleading with a person to have him come out of a dark cave into sunlight, to walk within a garden sweet of roses.

Religion is an opportunity to walk in light, in friendliness with folks, to hold fellowship with God who smiles at us everywhere. The True, the Good, the Beautiful. The Religion of Jesus will analyze.
