

# OUR LUNGS ARE DELICATE

Overwork, lack of fresh air, mental strain or any sickness disturbs their functions. Stubborn coughs tear and wear the sensitive lung tissues.

# SCOTT'S EMULSION

Should be taken promptly for hard coughs, unyielding colds, or when strength is lowered from any cause. Its high nutritive value creates resistive force to ward off sickness. The rich cod liver oil improves the quality of the blood to relieve the cold and the glycerine is soothing and healing to the lung tissues. Refuse Alcoholic Substitutes Which Exclude the Oil.

## Gloves Are Scarce - - So Buy Them Early.

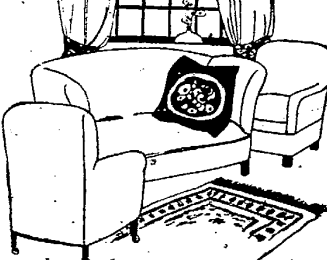

The Babcock & Davidson Glove Shop is prepared NOW to cope satisfactorily with any Christmas list. Plenty of white gloves, long and short; plenty of black gloves, plenty of mocha and washable street gloves, good stocks of capskins and quite an extensive collection of Merrillsuede gloves. The disorganized condition of the glove industry, because of scarcity of skins and of labor, is resulting in many poor qualities and high prices. Fortunately we have large reserve stocks of foreign and domestic gloves ordered early and qualities will be maintained here whatever happens, although later on size assortments may be broken.

Your attention is called to the fact that our new stock of Reed Chairs and Rockers are of genuine reed, because of the fact that the market is flooded with inferior fibre reed. Last Holiday time we disappointed a great many people who desired this splendid furniture by our inability to replenish our stocks a day or two before Christmas. We now have an ample stock, but advise you to make your selections early. We will be glad to hold them for your Christmas delivery. You can now pick from a large assortment of patterns in upholstering materials—Blues, Browns, Mahogany, Greens, Pinks and Greys.
