68 YEARS AGO TODAY

Marks the Date of the First Deposit of California Gold in the Mint.

The story of the California Gold Fields is one of the most romantic and tragic stories of civilization. To acquire this glittering metal, men and women have gone to any length, employed every means, fair or foul. Do not be impatient and attempt to acquire a fortune in a minute. It is the small but regular savings that ultimately count for something.

Let our Bank be your Bank.
