

A Question of Service

SERVICE—What does that word mean to you?
Does it mean a real personal interest in your welfare? Or is it just another name for "politeness?"

"SERVICE" at this bank means a keen personal interest in your success and a readiness to do all any bank can do to help you win success.

"SERVICE" with us means prompt and careful attention to all the details of your dealings with us.

"SERVICE" here means good banking methods so that your funds are always safe in our care. It means protection in all your banking.

Isn't that the kind of service you want?

THE HOUSEHOLD BUDGET
Before he traveled far in life Jim Henry Smith annexed a wife; then straightway loosened up his collar prepared to chase the nimble dollar. But all he earned his bride would spend; her wants and needs seemed without end. A nickel for a spool of thread and ten cents for a thimble and other things of higher price from Isenstein or Gimbel. In shopping trips she found delight. She searched Jim's trousers every night. There came a daughter, then a son, and they were dear more ways than one. For tho he loved them bona fide, it cost to feed and keep them tidy. Smith's credit smashed to smithereens; he had no jiteyns in his jeans. Then wiser grown Jim Henry's spouse drew up a budget for her house, as signed her dollars, dimes and cents to balance income with expense, a lot for food, a bit for frills, for movies, church, and pale pink pills. So now she knows just where she's at and Jim no more is busted fide. He walks the street in manly pride nor looks for duns from side to side. He pays each month the merchant's tallies and is not dodging thru the allies.
