

**A GOOD**

Banking connection is fundamental to the success of present-day enterprise.

Not alone for the purpose of credit building but in many other ways. The banker is constantly studying investments. He has many sources of information that are not open to all. He is sometimes in position to offer advice to a customer that may save the customer considerable money.

The officers of this bank are ready and willing to help patrons in every way compatible with prudent, safe banking.

will be a program of games, music, etc., and all the members of the society are urged to be present and help make the plans for the near future.  
**Consecration Meeting**  
 Mid-week Meeting every Thursday evening.  
 During the month of March, our interest will be centered on some of the great truths suggested by Paul's letter to the Galatians.  
 After a brief talk by the pastor, there will be a "Quiz Period" for fifteen minutes, at which time everyone present will have an opportunity to raise any question of practical interest concerning the work and doctrine of the church. The pastor will suggest solutions to the problems, and discussion will follow.  
 Everyone is invited to attend and join in the discussions.  
 We welcome YOU to all the services of this church.
