ROAD BLOCKED BY LANDSLIDE

Hundreds of Tons of Rock Pour Down Cliff Near Woodhull

Traffic over the state road between Canisteo and Addison was completely tied up Sunday night and practically all day Monday as the result of a landslide about a mile east of Woodhull in what is known as "The Rocks." A force of workmen was busy all day yesterday cleaning away the rubbish.

At the point where the landslide took place the state road runs along at the foot of a steep cliff. A small creek flows along close to the road. Between 5 and 6 o'clock Sunday afternoon hundreds of tons of rock and dirt came tumbling down onto the state road blocking it completely. As soon as the state highway department was notified a force of men was hurried to the scene and worked all day yesterday in an effort to get the road open again. In the meantime traffic has been sent around over a detour. It is fortunate there was no one traveling along the road at this particular spot, when the landslide took place, for if there had been, they would probably have been killed. The road itself was unharmed, and as soon as the dirt can be carried away the road will be opened again for travel.

Chautauque

Chautauque is the name of a beautiful lake in New York state, 18 miles long and one-third of a mile broad, 728 feet above Lake Erie, from which it is eight miles distant. On its banks is the village of Chautauque, the center of a religious and educational movement of large and growing interest. This originated in 1874, when the village was selected as a summer place of meeting for all interested in Sunday schools and missions. Since then the Chautauque Literary and Scientific Circle has taken origin there, consisting of a regular and systematic course of reading, extending over four years, and entitling the student to a diploma. The name Chautauque is evidently of Indian origin.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's an Andover case:

Mrs. Samuel Coats says: "I was all run down and suffered from kidney trouble. Often my back pained so badly in the morning I couldn't take any comfort until I got out of bed. Then when I got up, my back was so lame it made me feel miserable. I was so nervous I could fly and I suffered from severe headaches. Doan's Kidney Pills were recommended to me and three boxes from the Brundage Drug Co. gave me great relief. (Statement given October 15, 1916.)"

On August 8, 1910, Mrs. Coats said: "I have felt well and strong and my kidneys have been in good condition ever since Doan's Kidney Pills cured me of kidney trouble some years ago. Doan's are certainly a reliable kidney and bladder medicine and I most heartily recommend them."

Gude's Pepto-Mangan is the Best Tonic for Nervous, Tired-Out Wives

Is your wife "all tired out" and cross and irritable much of the time? Do the children "bother her to death" every day, and do the ordinary household tasks that she formerly performed with ease seem now to overtax her? In other words, do you often come home to a house of trouble instead of a house of joy and happiness?

If your answer is "yes" to these pointed questions, don't blame your wife until she has taken Gude's Pepto-Mangan with her meals for a few weeks. She is simply run-down and nervous and needs the kind of iron that she will get in Gude's Pepto-Mangan to give her more vitality and strength. For thirty years doctors have recommended Gude's Pepto-Mangan as a first-class building-up tonic. Sold by your druggist in both liquid and tablet form. Advertisement.

Aggressive use of the classified columns will rent good properties, in or out of season, and practically cut-out losses from vacancies.

Would you consider... if your chief competitor doubted the advertising appropriation for... in this newspaper? Wouldn't you consider it wise, as well as judicious, in him? And if such a policy would be good for him, could it be bad for you?
