### HEALTH TALKS

No. 5

Many men and women fail to realize until too late that their kidneys need attention. Herein lies the cause of much ill health, disease and suffering. Indigestion or Constipation ordinarily precede or contribute to kidney weaknesses. The undigested foods and accumulations of putrid wastes generate poisons that saturate the blood and stultify normal circulation. Dr. David Kennedy's Favorite Remedy not only imparts a stimulating effect to the disordered kidneys, but is proficient in helping the stomach and liver to digest and the intestines to carry off excess foods and poisons, so a renewed, healthful condition may once more be established.

# Home Craft Week

APRIL 3rd to 8th

## There Are Two Sides to a Window Curtain

One side the public sees from outdoors—  
That side of the curtain must fill the "black box" formed by the window opening, give personality to the facade of the house, and exclude the gaze of the curious.  
The other side the family sees—  
That side must be sufficiently decorative for its post at the room's central feature, the window; yet sufficiently transparent not to exclude the view. It must, in other words, be a window veiling, not a window shade.

All the striking window curtains which we feature have these "two sides." Come in and see them during HOME CRAFT WEEK, April 3d to 8th.

We want you to see particularly the following new lines of merchandise because of their style, vogue and intrinsic beauty.

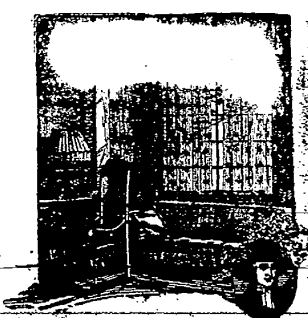

Georgeous New

Cretonnes

Madras

Overdraperies

That open up an enchanting vista of possibilities for colorful spring interiors.

Casement Craft-Lace

This is a curtain of lace overtones—the design being so subtly woven into the mesh that it seems to make a curtain of lace shadows.

It is a window decoration of such dignity and personality that only the simplest over drapery need be used with it. \$1.50 yard.

Made-up Curtains

Marquisette Curtains—\$1.65 to \$6.50.  
Filet Net Curtains—\$2.75 to \$10 pair.

Dotted Marquisette  
For the popular Ruffled Curtains 60c yd.

Tuscan Net

The demand for a virile, a masculine window covering has led to the development of a new fabric known as TUSCAN NET because of its Italian spirit. It is a fabric you will want to see for it has limitless uses. \$1.50 yard.

Filet Nets

New weaves and patterns created in response to fashion's edict that a window curtain must not only be sufficiently transparent to veil a window but also sufficiently decorative to warrant its use at a room's most apparent feature—its windows. These new Quaker Nets are priced from 50c to \$1.50.

### It Doesn't Cost Any More to Be Stylish

We have a fine assortment of the New Spring Models for men and young men here; they have the value tailored right into the fine all-wool fabrics.

They look best, last longest; and at the prices we are selling them, give you most satisfactory service for your money.

One fine thing about Hart, Shaffner & Marx Clothes is that their superior style doesn't add a cent to their cost.

You'll find some exceptional values in Suits and Overcoats here now. It will pay you to make your selection early.
