

SIGN-BOARDS ON THE UP-ROAD

Hamilton B. Williams

Controversies are raging within that very human organization called the church. But if all the disputants were to step out to follow the lead of the Man in whom all are named they would meet on the road to the neighbor's need. That which makes a unity is the thing to emphasize. Service has no confusions.

The ultimate religion is Friendship. It is that which interprets God, Jesus, Man, Life.

And without this interpretation religion would cease to mean anything here or beyond here.

If there should be in this world any road which would surely lead to God it is the road upon which a friendly soul walks.

God is there.

For He whose spirit walks all streets of life calls those His brethren whose torches are alight. And when we go out thru the gates and

see Our Friend, we'll be glad of the stopping and bidding and lifting and sharing and guiding and befriending and patient abiding and the blowing of the flutes of cheer. For having done the simple courtesies along the way, we'll hear the Master say: "My friends I will remember you. I was the burdened from whom you lifted the load. I was the wounded you balm'd. I was the lost you found and set on the road. I was the folk in despair, the hopeless, the scorn'd, the jeered at, you calmed. I was the children for whom you made the ways happy and straight. I was the sinner, the breast-beating sinner, for whom you opened Hope's gate. I heard your kindly words. I thrilled to the song your compassion stirred. There was never a moment by night or by day you walked alone. For I the Friend of your friends and Friend to all folk who needed a friend — Walked with you all the way."

tising, administrative and other expenses of \$0.55 per hundred pounds. The price is a base price for those per cent milk at the 201-210 mile freight zone with the usual differentials for freight and butterfat. The price to farmers, after expenses are deducted, of \$1.30 is \$0.85 less than the farmers received for the same quality milk for April.

The amount of milk sold thru the pool for May was 376,450,780 pounds. This is 89% of the total amount of milk delivered to dealers purchasing from the Co-Operative Association or to plants operated by the association itself.

No Genius Without Pesimism.
Schopenhauer, in his doctrine of the futility of life, emphasizes the fact that genius suffers more deeply and feels more intensely just because of its abnormally developed will and intellect, and that, therefore, genius without pesimism, is unthinkable either in the field of poetry or philosophy.

The placing of Shakespeare and Buddha in juxtaposition is quite in line with the trend of modern thought. Buddhism, like the Taoist cult, is at present in the forefront of interest, and it is safe to say that during the entire century preceding the war, there was less written than said on the subject of Buddhism than in the past year. The most widely divergent intellectual currents are being traced back to the Buddhistic sources, and every new system of philosophy and all modern historical researches are built up on Buddhistic foundations.—Exchange

His Recovery Complete.
The Figaro tells of an English sailor named Mitchell who was a past master at the art of tasting whiskey. In the war he was asphyxiated and lost his sense of smell, and the use of speech. Deprived of his calling, he became a boxer. Now, in a certain bout in London Mitchell received a formidable blow under his nose and another on his jaw. Ten seconds later he was knocked out. One of his attendants rushed some spirits to him. Then Mitchell miraculously recovered and declared, even before wetting his lips. "This stuff is at least fifteen years old."

Takes Sabbatical Year.
The California county agricultural agents have the rank of assistant professors in the state university and are entitled to all the rights and privileges of the resident teaching force. One county agent who has now served eight years in his present position has been granted sabbatical leave, which he will spend in Europe studying rural cooperation. This is the first time in the history of the work that such recognition has been given a county agent.

Value that Make Everybody Talk At Our Semi-Annual Sale

\$17 \$22 \$27 \$33

This is a lucky event for you. You get the finest clothes made; Spring and Summer styles, at a big price reduction. Remember this — you can't get finer quality anywhere for so little money.

ANNUAL MEETING DAIRYMEN'S LEAGUE

(Continued from 1st Page.)

J. Kershaw; 14, George R. Fitts; 15, C. M. Drake; 16, John Rosenbach; 17, Henry H. Marsh; 18, A. O. Milks; 19, W. U. Rixford; 20, Herbert L. Seeley; 21, Paul Smith; 22, John D. Miller; 23, Paul C. Waters; 24, George W. Slocum.

During the meeting the delegates and visitors consumed exactly two quarts less than 100 gallons of Dairymen's League ice cream served in cones.

New Officers

The Board of Directors of the Dairymen's League Co-Operative Association, meeting at Utica on Friday, June 16th, following the annual meeting of the association on the day before, reorganized and elected the following officers for the coming year:

President, G. W. Slocum, Milton, Pa.; Vice President, J. D. Miller, Susquehanna, Pa.; Secretary, Albert Manning, Otisville, N. Y.; Treasurer, B. M. Kilpatrick, Utica, N. Y.; Executive Committee, Paul Smith, Newark Valley, N. Y.; F. H. Sexauer, Auburn, N. Y.; W. U. Rixford, Wellsville, N. Y.; J. S. Petycs, Greenwich, N. Y.; G. W. Slocum, Milton, Pa., chairman ex-officio.

Milk Prices for July

After a thorough canvass of the milk situation, including conditions in the

cheese, price to be determined on market quotations for those commodities.

These prices are for three per cent milk at the 201-210 mile freight zone with the usual differentials for freight and butterfat.

Prices in each class are considerably above those asked for June milk. Class 1 price for June was \$1.75 per hundred. The price for July will be just one cent a quart above this. Market conditions for dairy products are improving and the prospects are good for better times for the dairymen than they have had in recent weeks.

May Milk Checks Out

The pooled price for May milk checks for which will be mailed by the Dairymen's League Co-Operative Association before June 25th, is \$1.355 per hundred pounds. From this, deductions are being made for advertisement and on the farms, it was voted to recommend the following prices for pooled milk for July:

Class 1, milk used for fluid consumption, \$2.22 a hundred.

Class 2, milk used chiefly in the manufacture of cream and ice cream, \$1.75 a hundred.

Class 3, milk used chiefly in the manufacture of fancy cheeses and evaporated and condensed milk, price to be twenty-five cents per hundred pounds above the price for milk based upon butter quotations for the current month.

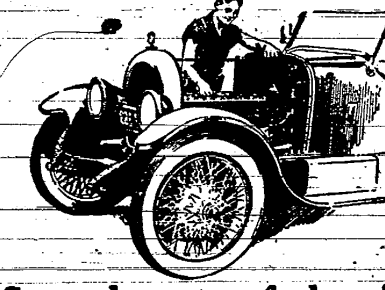

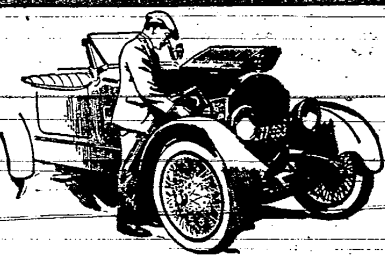

Class 4, milk used chiefly in the manufacture of butter and American

We Will Drain Your Crank Case FREE Sunday, June 25th

No matter what make of car you have, we want to drain and refill with the type of Sunoco Motor Oil that is best for your car.

On SUNDAY, JUNE 25, we will have an Expert Oil Man here to help you solve your motor troubles.

We Will Draw Your Crankcase FREE

Dead oil in your crankcase should be cleaned out every 500 to 800 miles "without fail."

It will save you money on repairs. You'll get greater engine power and gasoline mileage.

Bring your car to us. We will drain and clean the crankcase FREE. Our only charge will be for fresh oil.

It's your opportunity to try SUNOCO Motor Oil—the wonderful new engine lubricant.

Poor oil is the most expensive accessory you can buy. Good oil of the wrong type is equally so.

Seventy-five per cent, of all motor repairs are caused by oils poor in quality or wrong in type. Think of it!

Stop taking a chance on just "oil." Let us supply you with SUNOCO Motor Oil. You'll forget what a repair bill looks like.

Remember the Date, Sunday, June 25

We Make no Charge for Cleaning Out the Old Oil

Save the cost of cleaning out carbon

Cleaning out carbon costs the average motorist from \$2 to \$8 every 1500 to 3000 miles.

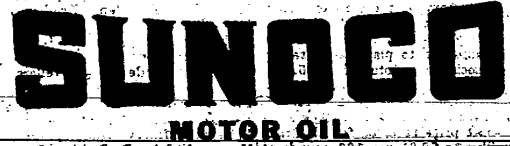

In addition, carbon damages the engine, reduces its power, cuts down gasoline mileage and runs up repair bills.

You can avoid carbon troubles by using SUNOCO Motor Oil—the oil that eliminates hard carbon deposit.

SUNOCO is a wholly-distilled, non-compounded oil—free of carbon-forming elements. Begin using it at once. We will tell you the right type for your car.
