JOHN COMMON, P. M.

Canadea has voted to build a new school house.
The Chautauqua Reading Circle met with Mrs. J. H. Backus Monday afternoon.
L. Williams has the frame up for his new house which he is building on Elm Street.
Lightning struck Jas. Lynch's farm house, in East Valley, Friday night, doing considerable damage.
Bert Trowbridge, of Greenwood Hill, lost two cows Friday night, being struck by lightning during the storm.
Forty-five cows on the Ackerly farm at Rushford were found to be afflicted with tuberculosis and will be killed.
Mrs. Sarah Monroe Hunt fell while berrying Wednesday, striking across a pail in such a manner as to fracture a rib.
Bolivar and Richburg villages both expect to have electricity available for use by private consumers and business purposes by October 1st.
The Hartman and Stryker reunion will be held at the home of Isaac Smith, Andover, June 30th. All relatives are cordially invited to attend.
The Junior Philatheas of the Baptist Church and other friends enjoyed a pleasant evening at the party held in honor of Miss Inez Youmans' 22nd birthday, June 20th.
Dr. A. D. Haines asks the News to "kindly bring me to life" after a visit of some months to Florida. He will resume his periodical visits to Andover in a few weeks.
Guy Wood is improving his residence, corner Elm and Church Streets, by raising the roof over the wing, which will add several rooms to the second floor of the building.
A. R. Baker has purchased the residence on East Center Street, belonging to the estate of the late Mrs. Sylvia Mourhess. Mr. Baker, after extensive re-arranging and repairs are made, will move his family into the new home.
Mrs. A. W. McConnell, of Cuba, has been engaged by Angelica parties to move to that village and open a sanitarium or nursing home. The property belonging to the estate of the late Frank Smith has been rented for the purpose.
Mrs. Emma Robbins and Mrs. Chas. Austin, of Whitesville, entertained the W. C. T. U. last Friday afternoon, at the home of Mrs. Robbins on Water Street. The rooms were beautifully decorated with flowers, a fine program on flower mission given, and luncheon served

Ed Mullen is having his residence on Barney Street repainted.
Strawberries are at their best and are of delicious quality and flavor this season.

D. M. Green was taken quite seriously ill last Friday night, but is gaining at this writing.

Mr. and Mrs. Ralph Burget have a little daughter, Marion Bertha born Monday morning, June 19th.

J. V. Averitt, of Belmont, has been appointed District Deputy Grand Master of Allegany Masonic District.

The best strategy in store competition is to give publicity to more value-giving facts than the other fellows do.

Lee Case, of Greenwood, underwent an operation for appendicitis June 12th, at the Bethesda Hospital at Hornell.

The News is pleased to report the condition of the little daughter of Mr. and Mrs. LeVern Kenyon, of Railroad Valley as improving.

The thirteenth annual reunion of the Pease-Richey families will be held June 24th, at the home of Mr. and Mrs. A. P. Cook in Almond.

Mr. and Mrs. Herman Worrall have vacated their rooms in the Mourhouse and have stored their household goods for the present.

From the reports in the local papers of the county of the damage from the severe storm of June 11th it would seem that Andover was fortunate.

The S. D. Baptist Ladies Aid Society met with Mrs. Wm. Bines for a business and social meeting, Tuesday afternoon. There was a good attendance and a fine supper enjoyed.

The Belmont Dispatch is publishing a series of very interesting articles and reminiscences of that vicinity under the head line: "The Genesee Trail" written by Dr. T. M. Crocker.

Elmer S. Mapes, principal of the Richburg High School for the last two years, has resigned to accept a position as teacher of American history in Cornell University, where he also will study for his M. A. degree. Mr. Mapes will assume his new duties this fall.

At the commencement exercises of the University of Buffalo, held in the Teck Theatre, Friday, June 9th, Stephen Pollard, of Belmont, was awarded the first prize, \$200.00, of the Sprague scholarships, for the highest standing in the freshman class of the Law Department.

Miss Hazel Parker, daughter of Mr. and Mrs. Clark Parker of Wells-Ville, will sail June 22nd from New York for a three-month's European tour in company with a party of fifty. Dr. Alexander Flick, head of the Department of History and Politics in Syracuse University, will head the company.

The Belmont Dispatch says "The Angelica Ball Team wants a place in the sun in the County League. For your pardon, but that is not so. Angelica never has and never will want to get into the County Baseball League as long as it is run under the present rules and regulations. Angelica Advocate.

Of course you realize that a merchant, having much to sell, must advertise. But advertising is proportionately important to you if you have anything to sell. Make the selling of that property a business matter. It will not be unless you advertise it in a business way.

GREAT SYSTEM OF HIGHWAYS PLANNED FOR UNITED STATES

A system of highways that will serve the whole country and will be far superior to any other in the world is being mapped out by Federal and State engineers. It is estimated that the system will comprise 180,000 miles of road. The Federal highway act recently enacted specifically requires that all Federal aid be spent on a connected system of highways consisting of not more than 7 per cent. of the road mileage in each State, and that this system shall consist of interstate or primary roads, and intercounty or secondary roads. Proposed systems have been received by the Bureau of Public Roads of the United States Department of Agriculture from all but eight states. They are plotted on a large map of the United States and carefully examined as to co-ordination with the roads of adjacent states and service to all sections of the country. Where co-ordination is not satisfactory conferences are held with all interested state highway officials and routes adjusted.

Many states have already adjusted difficult problems with their neighbors. As an example, the system sent in by Nebraska showed a big gap in an important road along the northern boundary. It was learned, however, that South Dakota would follow with a system that would fit like pictures on toy blocks. Since the Federal highway act of last November became a law, only roads certain to be on the system have been approved for construction.

ACTIVITIES OF COUNTY TUBERCULOSIS COMMITTEE

The regular monthly meeting of the Board of Directors, of the Allegany County Tuberculosis Committee was held at the Village Hall, Belmont, N. Y., on June 16th, 1922.

The resignation of Mrs. Maudie Cole, Allegany County Tuberculosis nurse, was accepted with regret. Mrs. Cole has been attending her mother for the past month, who is ill.

Miss Bessie A. Williams, of Akron, Ohio, a graduate of the Battle Creek Sanitarium and Hospital, of Battle Creek, Michigan, has been appointed to take Mrs. Cole's place as County Tuberculosis nurse. Miss Williams is a R. N. of Michigan and has done private and public health nursing for several years. She comes well recommended. Her office will be with the Allegany County Tuberculosis Committee secretary, Miss Laura P. Vogel, over the Post Office, Belmont, N. Y., telephone 7 M.

Children's Health Camp at Cuba Lake. Mr. R. H. Bartlett, chairman of the Camp Committee, reported that the improvements were being made at the camp grounds and buildings. Trees have been set out, a large porch has been added to the main building and a board walk extending from one building to another and down to the road. The buildings are to be painted white with green trimmings, the paint having been donated by a generous citizen of Cuba. Some improvements have also been made in the dormitories.

The camp will open on July 1st, and will run thru the two months July and August.

Liberal Eastern Potentate. The heir to the Ottoman throne, Abdul Medjid, is something new in the way of eastern potentates. According to European papers his life is a model of democracy. The future Commander of the Faithful, who is fifty years old, intensely enjoys the liberty of which he has enjoyed during years by Abdul Hamid. He is said to divide his activities between music, painting, and writing. His library is stored with French books. His favorite writer is Anatole France, his favorite composer Beethoven. Two interesting signs of regeneration of the Ottoman empire are the facts that Abdul Medjid can be approached without oriental ceremony and that he has suppressed the harem of the palace.

WEEK DAY CHURCH SCHOOL ADVOCATED

Subject Presented by Dr. Craver at Two Sunday Services. Proposition Will Need Parents' Approval

Andover audiences were favored last Sunday morning and evening with the privilege of hearing Rev. David H. Craver, D. D., Superintendent of Religious Education of the Synod of New York. Dr. Craver gave addresses in the Presbyterian Church in the morning, and at a union service in the Methodist Church in the evening.

The primary purpose of Dr. Craver's visit to Andover was to present the plan of the Week Day Church School, a movement for week-day religious education during the public school year that has been making astonishing progress during the last few months. In his addresses, Dr. Craver emphasized the motives that are giving a great impetus to the movement of the Week Day Church School: First, the necessity of securing more hours for religious education than have hitherto been provided in the program of the average church. Second, the necessity of maintaining better educational standards in religious training. Third, the urgency of giving a more adequate religious education to a larger number of our boys and girls than the church has reached thru its long-established agencies.

It is evident that there are not enough hours allowed for religious education in the average church, even if the boy or girl is perfect in attendance, which is seldom the case. Nor are the educational standards in the average church such as receive the approval of educated men. The purpose of the Week Day Church is to supplement the work of the Sunday School and Christian Endeavor Societies—the Sunday School to be the agency for worship, the Christian Endeavor Society the expression of the agency, and the Week Day Church School, the agency for instruction or impression. By correlating the program of the W. D. C. S. with the other agencies of the church, there would be developed a "Three Hour Week Church School for the Individual Child."

More than half of the Week Day Church Schools now in operation have made arrangements with the public schools whereby public-school time is secured for the church-school classes, thereby insuring regularity in attendance and a fine staff of teachers, inasmuch as the teachers of the Week Day Church School must have a normal school training or its equivalent.

The Week Day Church Schools are an important instrumentality for teaching the millions of American children who are spiritually untaught. There are twenty-seven millions of American children growing up in spiritual illiteracy, a fact that has serious consequences that are in evidence even to-day. We have been sowing sparingly and we have been reaping sparingly.

Dr. Craver showed that there are two types of Week Day Church Schools, either of which might be instituted in Andover, according as seems best: The Individual Church Type, in which the week-day religious instruction is a part of the educational program of the individual church; and the Interdenominational Community Type, in which the organization, control and maintenance of the week-day religious instruction is delegated by the co-operating denominations to a community board, council, or committee of religious education.

The sentiment of everyone present at Dr. Craver's addresses was that the Week Day Church School of some form should be started in September the beginning of the next school year. The plan would be of tremendous value not only to the churches of Andover, but greater still, to the community at large.

Make Washday Easier

Half the work of farm washing is in pumping and carrying the water. A Milwaukee Air Power Water System does away with this part of washday work, and supplies an abundance of hot water, too, right out of the faucet.

You also can have soft water. And the spring or well water comes through the pipes absolutely fresh. No rust, no dirt.

A water system does away with a lot of hard work about the barn. It's the best investment any farmer can make. Why handle water the hard way, by hand when you can handle it better by machinery?

Ask us about it. Call or phone.
