A family of five were all killed when their auto was struck by a fast train on a railroad crossing, while driving from Altoona to Erie, Pa. July 12th, to attend a wedding. The dead were Miss Edith Shultz, who was to have been the bride, Harry Schultz, Mrs. Mary Shultz and Florence Schultz and John Hammer, 80 years old, grandfather of Miss Shultz all of Altoona.

#### ANDOVER WON A GAME

It Took the Maccabee Boys to Win the First Ball Game for Andover this Season

The local K. O. T. M. boys surprised the Andover fans and themselves by winning a base ball game from the Angelica boys, here Sunday by a score of 12 to 0.

Bloss pitched a fine game and was given good support thruout the entire game, which was a surprise, as the boys have been "gypped" all the season by one bad inning which has invariably lost their games.

#### ONE OF OLDEST TRADITIONS

Pictureque Legend of the Slaughter of St. Ursula and the Eleven Thousand Virgins.

The legend of St. Ursula is one of the most picturesque of ancient traditions. It relates that she was the daughter of the Briton, Theonotus, and was desired to marriage by a heathen prince named Holofernes. She consented on the condition that he become a Christian, and allowed her three years in which to make a pilgrimage. He consented and Ursula set out accompanied by eleven virgins. They journeyed up the Rhine as far as Basle and thence by foot to Rome, where they were joined, for their return march, by the pope and a retinue of clergy.

When they reached Cologne, on the return trip, they were attacked by a horde of wild Hunnish barbarians, and all were slain, although Ursula, the leader of the dams, attempted to save the life of Ursula that she might become his wife. She fell, however, pierced with an arrow, which has become her attribute in pictorial representations. As soon as the massacre was over angels appeared in number equal to the slaughtered virgins, and put the barbarians to flight. Soon after a church was erected among the graves in honor of St. Ursula.

#### CARD OF THANKS

For the kindness and sympathy of our friends and neighbors during the time of our recent bereavement we wish to express our deep feeling of appreciation.

### Make Washday Easier

Half the work of hand washing is in pumping and carrying the water. A Milwaukee Air Power Water System does away with this part of washday work, and supplies an abundance of hot water, too, right out of the faucet.  
You also can have soft water. And the spring or well water comes direct through the pipes absolutely free. No need of soap.  
A water system does away with the best investment you can make. Why hand wash water too hard way by hand? The Milwaukee is better BY MAKING IT EASIER.  
Ask us about it. Call for phone.
